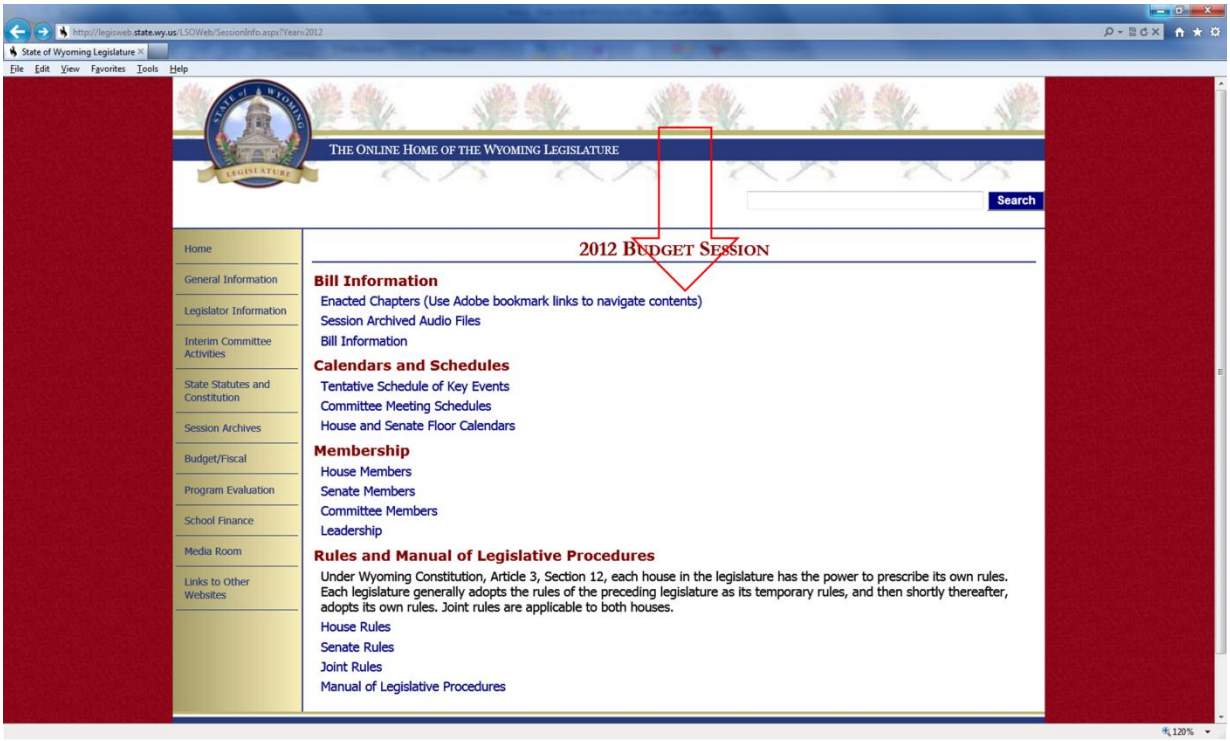
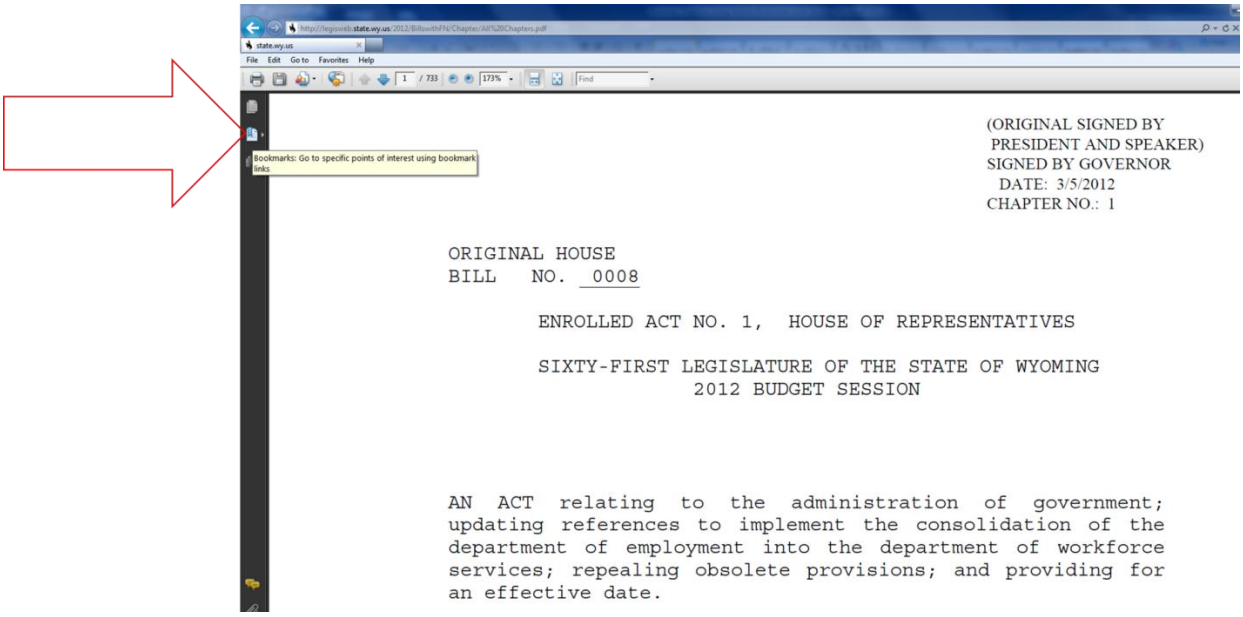
Viewing Chapters Using Adobe Bookmark Links

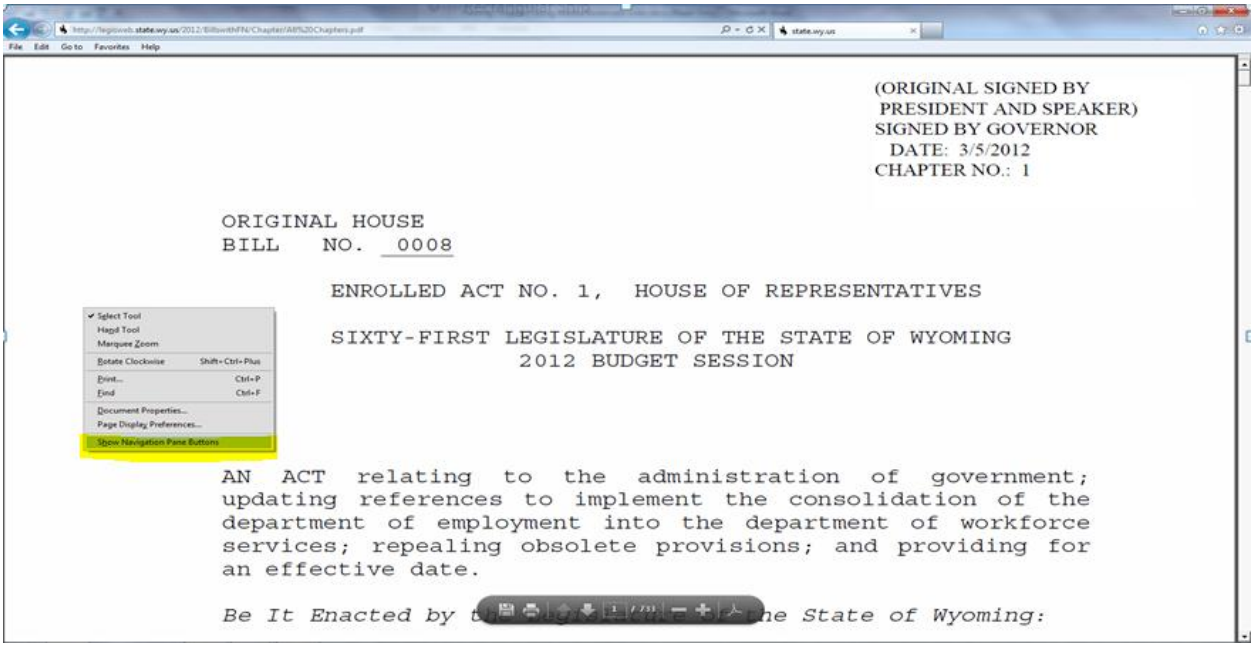
First select the following link:



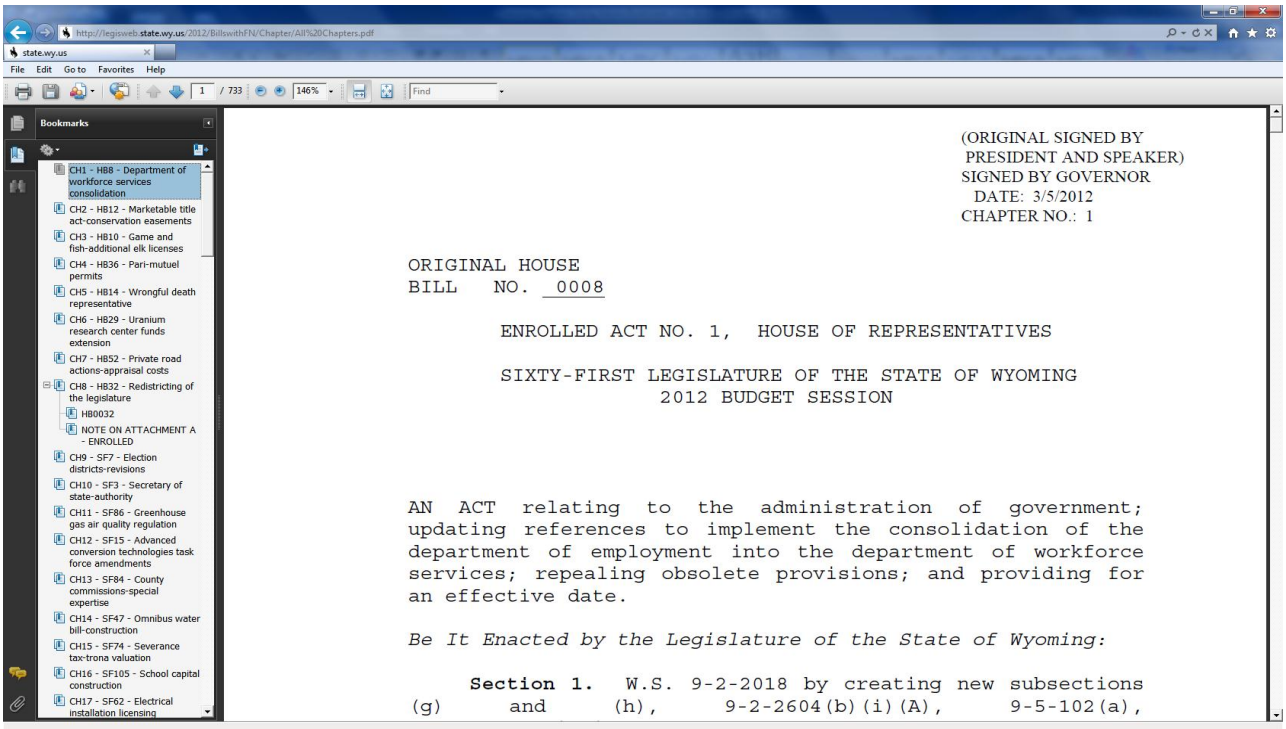
Next in the pdf document click on the Bookmark link to expand the chapter menu:



If you don't see the bookmark link on left side of the browser, right click on the document and select "Show Navigation Pane Buttons"



From there you will see the chapter navigation menu that will allow you to search through the document.



Caution: Don't hit print or you will print all 733 pages of the document.
