BILL NO. 0053

ENROLLED ACT NO. 9, HOUSE OF REPRESENTATIVES

FIFTY-EIGHTH LEGISLATURE OF THE STATE OF WYOMING
2005 GENERAL SESSION

AN ACT relating to administration of government; transferring the air services financial aid program to the Wyoming aeronautics commission as specified; providing appropriations; modifying requirements of the program; transferring funds; transferring a position; and providing for an effective date.

Be It Enacted by the Legislature of the State of Wyoming:

Section 1. W.S. 9-12-701 and 9-12-702 are amended and renumbered as 10-3-601 and 10-3-602 to read:

ARTICLE 6
AIR SERVICES FINANCIAL AID

~~9-12-701~~ 10-3-601. **Wyoming air services enhancement; legislative findings; Wyoming aeronautics commission authority to contract for services; requirements.**

(a) The legislature finds that an adequate and comprehensive system of air service ~~between~~ in Wyoming ~~airports and airports located outside the state~~ is vital for economic development within Wyoming. Competition among air service providers within the state is virtually nonexistent and, without competition, services will remain limited and unreliable and high air fares will remain a major impediment to use of air services by Wyoming residents and businesses. ~~Peak air traffic and enplanements in Wyoming occurred when two (2) air carriers served the state in years 1993 and 1994. Further, airports in the state receive federal airport improvement program funds and, based upon enplanements in calendar year 2002 several commercial airports in the state are in danger of losing one million dollars (\$1,000,000.00) each, annually, if~~

~~enplanements at the airports drop below ten thousand (10,000) for the year.~~

(b) The Wyoming ~~business council~~ aeronautics commission may enter into agreements to provide financial assistance to persons doing business or who will do business in the state, to economic development organizations within the state, to joint powers boards or to other entities formed to provide for enhanced air service to communities in Wyoming that have or are seeking commercial air service, for the enhancement of air services in the state conditioned upon contractual assurances that specified benefits will accrue to the state through increased air traffic and enplanements. ~~, including~~ Benefits accruing to the state shall include, but not be limited to, increasing the minimum number of enplanements at airports facing a possible loss of federal airport improvement program funding, increasing ~~ridership between~~ passenger enplanements at commercial airports in Wyoming, ~~and increasing frequency or sustaining flight operations from commercial airports in Wyoming to~~ regional airport hubs, lowering airfares for air passengers and increasing the number of routes flown within the state. The ~~council commission~~ shall consult with counties, cities, towns, joint powers boards, airport boards or other entities pursuing air service enhancement before entering into agreements ~~with persons~~ to provide air service enhancement and shall require ~~matching local~~ funds for the provision of air service enhancement grants. The amount of local funds required for the provision of enhancing air services shall be determined by the commission, taking into account the types of service for which grants are approved, the diverse characteristics of the communities to which air service is contracted for and other considerations examined by the commission.
