Miner's Hospital Board

Statement of Principal Reasons

Revision Summary

Wording that was addressed in our governing Statute was deleted because it was considered repetitive and the Statute was referenced. In 2013, the Governor requested a reduction of state agency Rules, therefore these Rules have been reduced to comply with this request. The board has also completed a Rules Crosswalk of each Chapter to assist in understanding the changes.

Proposed Rule Changes Chapter 1 - General Provisions

Section 4. Definitions

Definitions was moved to Chapter 2 – Services to Miners, to provide all definitions in one chapter. Because the definitions include some of the eligibility requirements, it also makes more sense to place this with the information related to eligibility.

Section 6 and 9. Chair and Authorization of Expenditures

Because the Board only meets 2-4 times a year, the Board elected to allow the Chairperson the option to designate a representative to sign contracts and execute vouchers to enable more expedient transactions.

Proposed Rule Changes Chapter 2 – Services to Miners

Added Section 1. Definitions

Definitions were moved from Chapter 1 - General Provisions because this information pertained more to information in Chapter – 2 Service to Miners and registration.

To comply with the revised statute, the definition of “Occasional” and “Incidental” was added to exclude those individuals that work on a mine site on an as-needed or job assignment basis. The previous Rules could be interpreted to read that a vendor catering functions, a sales person, a stock person or a welder or mechanic called to the mine for a specific job would have been eligible for lifetime benefits. The WMH Board does not have the impression that this was the original intent of the fund.

Section 1. Eligibility for Services

The information in this section was condensed and moved to Section 4, now called Registration as an Eligible Miner.

Section 2. Benefit Programs

References to dollar amounts available for benefits were removed to be placed in the Administrative Procedures book for the WMH Board. This was done for clarification and to condense our Rules. By having the dollar amounts in the Administrative Procedures book, the board will be able to react more quickly if it appears the funds are in danger of being depleted because of the increase in membership and benefit usage. Wording was also added to include a new benefit of hearing aid repairs.

Section 3. Registration as an Eligible Miner

Section 4. Eligibility for Medical Assistance Benefit

The word Physician was replaced with “medical provider licensed under State law” in all places that it appeared in the proposed rules (see response to public comments).

All references to medical or health provider was standardized to read “State licensed medical provider”.

Wording was deleted that was repetitive and reference was made to our enabling statute, Wyo. Stat. Ann. § 30-6-102.

Added Section 5. Acceptance of Claims

Revised wording from old Rules and stipulated that claims will be paid if funds are available and if funds are exhausted no further claims for services will be paid during the biennium.

All references to medical or health provider was standardized to read “State licensed medical provider”.

Section 6. Payment of Accepted Claims

Added the wording “Reimbursements may be made directly to the qualified miner for good cause.” There are limited times that it is more feasible to reimburse the

miner for documented out of pocket expenses that would normally have been paid to the provider.

Section 8. Denial of Registration, Services, or Benefits.

This section was added to inform the miner that there is a process for challenging when their registration, service, or benefit is denied. The procedure will also be detailed in the WMH Board Administrative Procedures book.
