Wyoming Legislative Task Force on Wind Energy  
ATTENTION: Ian Shaw  
Legislative Services Office

Dear Legislative Task Force Members:

Wasatch Wind wants to express our appreciation to the Members of the Task Force on Wind Energy, for your very thorough efforts to ensure that the Wyoming Legislature will have the opportunity to make informed decisions regarding wind energy.

Wasatch Wind has participated throughout the process with the WPPC in making recommendations to the Task Force, and we appreciate the consideration you've given to all of our comments and feedback. The Task Force should also be aware that Wasatch Wind has taken to heart all of the comments you provided to the industry throughout the hearings. We'd like to ensure the Members that Wasatch Wind is looking forward to a long-term partnership with Wyoming, one that includes a strong commitment to responsible development and operation of wind facilities, and to providing positive impacts to local communities.

We will continue to work with the WPPC to provide feedback if asked on the Task Force's final report and to assist in any way we can when the full Legislature begins discussions in 2010.

Again, thank you for your efforts, efficiency, enthusiasm and your willingness to consider all of the information brought in front of you. We enjoyed the process and look forward to continuing to work with the Members in this and other capacities.

Warm regards,

A handwritten signature in black ink, appearing to read "John Aubrecht", with a long horizontal flourish extending to the right.

John Aubrecht  
Senior Vice President of Development  
Wasatch Wind
